

# FINE EXHIBITION OF HEAVY HORSES

Judges in These Classes at Dominion Fair Commenced Showings—Monday's Weather Ideal

Calgary, July 6.—The Dominion exhibition attendance during the afternoon was very good for a Monday and a full programme of attractions was put on. Contrary to the promise of the morning a cool breeze sprang up, and the day proved the pleasantest of the season so far. J. Gardhouse, of High Field, and J. O'Brien, of Owen Sound, completed the judging of the heavy horse class. The morning's work was left for the next day, but the judges were not leaving the judging ring, in reply to a query, he stated that he had been most pleased with the fair as a whole, and expecting a fine section he had been called upon to judge.

**Horses a Fine Class.**  
"Some of the class were not as well fitted as they should have been," said Mr. Gardhouse. "Some of the horses were not as well broken as they should have been, and some of them were not as well shown as they should have been, but on the whole it was a very fine exhibition of heavy horses. The Clydesdales were the strong feature of the show, and have seldom been seen a better exhibition of the breed. The sire was too few, but they were mighty well shown. The Belgians and Suffolk were the medium weight, and were better shown, I think all took place by daylight and were the result of a wall-to-wall rushing upon the part of the exhibitors. The Clydesdales were the most numerous, and were the best shown, and I have thoroughly enjoyed being here to judge."

**Other Judge Concurs.**  
Mr. Cameron said: "I would like to see all that is in the class, and in addition to say that it was particularly struck with the number and quality of the Clydesdales. The Clydesdales were the strong feature of the show, and have seldom been seen a better exhibition of the breed. The sire was too few, but they were mighty well shown. The Belgians and Suffolk were the medium weight, and were better shown, I think all took place by daylight and were the result of a wall-to-wall rushing upon the part of the exhibitors. The Clydesdales were the most numerous, and were the best shown, and I have thoroughly enjoyed being here to judge."

**Building Destroyed.**  
The building devoted to dairying dairy machinery, women's work and the fine arts is one of the best frame buildings on the grounds. The dairy exhibit was destroyed by fire, and the building was completely destroyed. The fire was caused by a gas leak, and the building was completely destroyed. The fire was caused by a gas leak, and the building was completely destroyed.

**First Prize Taken.**

Senate Approves Four Professors at Meeting in Calgary—Standing Committees Named

**An Average Fruit Crop.**  
Ottawa, July 6.—The monthly report of the fruit division of the department of agriculture says: "The weather conditions throughout Canada for the past month have been generally favorable for fruit. Apples promise a fair crop; early varieties of peaches will be somewhat above the average, and the late varieties will be a medium crop. The average for peaches and plums are only medium."

# CLOUD BURST STRIKES LINCOLN; 19 DROWNED

Nebraska City Inundated—Railroad Traffic Completely Tied Up—Million Dollars Property Loss

Lincoln, Neb., July 6.—Nineteen drowned in the city of Lincoln when a cloud burst struck the city. The water was so high that it was impossible to get out of the city. The water was so high that it was impossible to get out of the city. The water was so high that it was impossible to get out of the city.

# WILL TAKE 10 YEARS TO BUILD THE CANAL

Report of Engineers on Georgian Bay Canal Project Shows Conditions Time Under Present Conditions Would Be 70 Hours—Would Cost a Hundred Million

Ottawa, July 6.—Dealing with the canal in time which will be effected by the Georgian Bay canal, the engineers of the department of public works and highways have issued a report. The report states that it would take 10 years to build the canal under present conditions. The report also states that the cost of the canal would be \$100,000,000.

# NO LEGISLATION ON NEW WATERWAY

Georgian Bay Canal Project Will Be Held in Abeyance—Commons Do Pile of Business

Ottawa, July 6.—In view of the short period between now and session, which, it is presently rumored, will take place, Saturday, July 18, it is hardly probable that the government will introduce any legislation this session looking to construction of the proposed new Georgian Bay canal waterway. Before any policy in this regard is definitely decided upon it will be probable a commission will be asked to report upon the estimate of cost of deepening the St. Lawrence and Welland canals, and upon the estimate of the commercial possibilities of each route on a basis of a 20-foot channel.

# HOW TIMBER WILL BE SOLD UNDER THE NEW LEGISLATION

Sales by Public Competition to the Highest Bidder—Mills Must be Established and Operated on Hold Limits.—The Third of a Series of Letters from a Bulletin Staff Correspondent Reviewing Clauses of New Dominion Land Bill.

OTTAWA, June 26.—The clauses of the new Land Bill relating to the disposition of timber are of considerable importance.

**Public Competition.** The government-in-council may make regulations for the disposal by public competition of the timber lands on which the timber is situated.

(a) No berth shall exceed an area of twenty-five square miles.

(b) No berth shall be awarded except to the person who offers the highest bid or bid therefor.

(c) No offer by tender shall be accepted unless accompanied by the full amount of the bonus.

**Licenses.** The person to whom a berth is awarded shall be given a license which during its existence shall vest in him all rights of property in the timber. Licensees shall not be for a longer term than one year, but are renewable from year to year.

(d) In connection with quarrying of stone, or of coal, oil or gas bearing strata.

(e) To erect and have in operation in connection with the berth within one year from the date upon which the berth is awarded to the licensee, a saw mill or saw mills capable of cutting in twenty-four hours one thousand cubic feet of lumber.

(f) To keep such mill or mills in operation for at least six months in each year of the continuance of his license.

(g) To pay in advance to the government, for the use of the berth, a sum of money not less than one-half the value of the timber.

(h) To pay in advance to the government, for the use of the berth, a sum of money not less than one-half the value of the timber.

(i) To pay in advance to the government, for the use of the berth, a sum of money not less than one-half the value of the timber.

(j) To pay in advance to the government, for the use of the berth, a sum of money not less than one-half the value of the timber.

(k) To pay in advance to the government, for the use of the berth, a sum of money not less than one-half the value of the timber.

(l) To pay in advance to the government, for the use of the berth, a sum of money not less than one-half the value of the timber.

(m) To pay in advance to the government, for the use of the berth, a sum of money not less than one-half the value of the timber.

(n) To pay in advance to the government, for the use of the berth, a sum of money not less than one-half the value of the timber.

(o) To pay in advance to the government, for the use of the berth, a sum of money not less than one-half the value of the timber.

(p) To pay in advance to the government, for the use of the berth, a sum of money not less than one-half the value of the timber.

(q) To pay in advance to the government, for the use of the berth, a sum of money not less than one-half the value of the timber.

(r) To pay in advance to the government, for the use of the berth, a sum of money not less than one-half the value of the timber.

(s) To pay in advance to the government, for the use of the berth, a sum of money not less than one-half the value of the timber.

(t) To pay in advance to the government, for the use of the berth, a sum of money not less than one-half the value of the timber.

(u) To pay in advance to the government, for the use of the berth, a sum of money not less than one-half the value of the timber.

(v) To pay in advance to the government, for the use of the berth, a sum of money not less than one-half the value of the timber.

(w) To pay in advance to the government, for the use of the berth, a sum of money not less than one-half the value of the timber.

(x) To pay in advance to the government, for the use of the berth, a sum of money not less than one-half the value of the timber.

(y) To pay in advance to the government, for the use of the berth, a sum of money not less than one-half the value of the timber.

(z) To pay in advance to the government, for the use of the berth, a sum of money not less than one-half the value of the timber.

## AROUND THE CITY

LOCAL.

A meeting of the veterans of the South African war will be held at 11 o'clock in Paul Rusk's hall, N. Main avenue.

An ice cream lawn social was held last evening under the auspices of the Edmonton Methodist church on the corner of Broadway and Main.

The Edmonton Standard-Courier has a short time ago applied for a Board of Censorship to settle a dispute regarding the publication of the Standard-Courier.

The death occurred last night of Henry Thomas Palmer, the eight-month-old child of J. A. Palmer, 1045 N. Main avenue.

The funeral took place this afternoon at 2 o'clock from the family residence to the Edmonton cemetery.

Isaac Doo, homestead inspector who has just returned from a trip through the country lying east of the C. & E. railway, states that the crop conditions here are better than in the United States.

## IN THE PRESS AGAIN

RUMOR NAMES JULY 15 AS DATE OF PREPARATION

OTTAWA, June 26.—Business has been going through with noticeable rapidity during the past few days, according to the small press of the preceding six months.

Whether the increased speed be the cause or the effect, it is a fact that the full of rumors of early preparation for a couple of days. Ruled down these rumors to a report that the government is to be abandoned, business facts and the serious nature of the situation—three weeks hence. The increased rate of progress may be either the cause of the rumors or the result of the rumored change of tactics. Whether it may be the cause or the result, it is a fact that a public given away of the necessary talk, and by legislation, the necessity of holding a public meeting, the necessity of holding a public meeting, the necessity of holding a public meeting.

Through rumors of the necessary talk, and by legislation, the necessity of holding a public meeting, the necessity of holding a public meeting, the necessity of holding a public meeting.
